Edwards Hosts Open House for SWLA Counselors

Lake Charles, LA. On January 30, 2009 Delta School of Business and Technology hosted a Counselor's Open House to Southwest Louisiana's High School Counselors in the 5 parish area that includes: Allen, Beauregard, Calcasieu, Cameron and Jefferson Davis Parishes. The Counselors in attendance learned about Delta Tech's Scholarship Criteria and the Delta Difference that includes opportunities available to the 2009 High School Graduates.

Delta Tech awards 8 scholarships to local 2009 high school graduates each year and receives numerous applications. Scholarship recipients may choose any associate degree or diploma program and will be awarded a 50% tuition credit towards their chosen program. Scholarship application packets must be received at Delta Tech by March 20th 2009. "We are excited to offer scholarships each year which enable students to get the training necessary to enter our struggling workforce and economy," said Jeff Edwards, Chief Operating Officer.

The Delta Tech Difference is a strong incentive for graduates wishing to further their education: The Delta Tech Difference includes: short-term training for Associates Degrees, a full service Financial Aid Office, lifetime career placement assistance for graduates, lifetime refresher courses for graduates, child care provided on campus, student internship training, free tutoring for students and many more!

The mission of Delta Tech is to recruit, train, graduate, and assist in placing students with the job skills that are in demand by employers and who have a work ethic and professionalism that will promote success. Day and Night classes are available with diploma programs in Accounting, Administrative Assistant and Medical Office Assistant. Associate of Occupational Studies degrees are offered in the following: Accounting, Administrative Assistant, Administrative Assistant (Legal), Business Management, Drafting Technology, Information Technology, and Medical Office Assistant. For information about attending Delta Tech, contact them at (337) 439-5765 or visit them online at www.deltatech.edu.
