Delta School of Business and Technology (Delta Tech)
517 Broad Street
Lake Charles, LA 70601

Attn: Class of 2011!

Good Evening!

On behalf of the Governor and myself, I would like to offer all of the graduates and their families a heartfelt congratulations!

You are a remarkable group of men and women who have accomplished so much – between your studies, family responsibilities, and giving back to our communities, you all bravely take on challenge after challenge. You come here tonight smarter, stronger, and I hope, more committed than ever to make your dreams a reality.

Through your own motivation to succeed, support from your families and mentors, and the dedication of the wonderful teachers and staff at Delta Tech, you all truly have much to be proud of. You have shown those around you what can result from hard work and a determination to succeed. Thank you for setting such a strong example for all those who follow.

As you move on in life, I encourage you to remember the strength you have demonstrated to arrive here at graduation today. Remember the principles of selfless giving and helping others in our communities, just as the amazing people around you have done to help make you the person you are today.

Continue to be strong and of good courage. I know you will do incredible things in life, and in our great state of Louisiana. Wherever life takes you next, please remember to always believe in yourself and believe in Louisiana ---- because Louisiana Believes in You!

Congratulations Class of 2011!

Supriya Jindal
