

## **TRANSFER OF CREDIT POLICY**

Students transferring from other colleges or universities that are regionally or nationally accredited are eligible for admission to Delta with advanced standing. Credits for comparable courses in the student's prospective curriculum in which passing grades (C or better) have been earned at previous institutions, may be accepted in transfer at the Dean of Academic's discretion.

Students who want to transfer credits to Delta Tech from an accredited college or university may do so by requesting that official transcripts from each institution attended be sent directly to the Registrar's Office. Please allow two to four weeks for Delta Tech to receive the transcript(s).

Accepted transfer credits will be included in the cumulative hours of credits at Delta Tech and will also be calculated into your grade point average.

Students wishing to transfer credits earned at Delta Tech to another institution should check with that institution to understand their transfer of credit policy.

Delta Tech has an established articulation agreement with the University of Phoenix for all Associate of Occupational Studies degree credits earned. A copy of this agreement can be found in the graduate section of the Delta Tech website.
